Please note, your child is not required to be a patient of Lima Pediatrics to have a virtual visit.

- 2 Complete the virtual visit, and schedule a time for your child to receive a COVID-19 test at one of our seven regional drive-up collection centers within 24 hours.

Results will be available within **48-72** hours.

Lima Memorial is the only hospital in the region to perform on-site PCR molecular testing, the gold standard for detecting the COVID-19 virus.
